Vinification:

This special Barbera was created to celebrate the 80 years of production and trade of the great Piedmontese wines of the historic Dezzani winery, founded in 1934. Conceived with the 2011 vintage, a great year to symbolise the tradition and passion that has been transmitted through three generations in the iconic wine of Monferrato. The enologist Luigi Dezzani has meticulously curated its evolution: from winemaking to aging for 24 months in historical barrels. It then follows further refinement in the bottle, making this wine a real and special experience.
