
MALBEC ESTATE

2023 | Red Wine

Argentina, Mendoza

Don Manuel Villafane

Case Size: 6

Argentinian Malbec tends to enjoy mellower tannin than its French counterpart. Dense red colour. Full and rich fruit nose of wild berries and blackcurrant. The mouth is lush and full leading to a very well balanced and long finish.

Vinification:

The soil of Mendoza is permeable, sandy and with a very good balance of nitrogen, ideal for the growing of excellent varieties. The Malbec grapes are harvested from Villafane's vineyards, located a mere 90 metres from the winery door. The grapes are vinified using traditional winemaking methods in tank using naturally occurring yeasts.

Grape Varieties: Malbec

Classification: Estate Selection | **ABV:** 14% | **Closure:** Natural Cork
